turkish waters and cyprus pilot covers the entire coast of turkey from the black sea down the aegean coast and around to the syrian border the coasts ports and marinas of the island of cyprus are also described

this 7th edition of rod heikell s guide to the coast of turkey from the bosphorus to the syrian border and cyprus has been revised following the author s visits to the coasts during 2005 details of new yacht harbours have been collected and the data on the existing entries has been updated and improved throughout the only turkish waters pilot

guide written in english it sets the standards for both pilotage and descriptions of places to visit and see there are many new plans and new photographs this edition sees a reworked introduction which takes accounts of changing cruising patterns and interests

turkish waters and cyprus pilot covers the entire coast of turkey from the black sea down the aegean coast and around to the syrian border the coasts ports and marinas of the island of cyprus are also described there are few more beautiful cities in the world that it is possible to sail into the heart of but that is what the authors were able to do in istanbul while researching this the tenth edition their research also took them south as far as göçek and to cyprus much has changed with new marinas completed and more under construction but much has also stayed the same namely the warmth and hospitality of the people you encounter this new edition includes all the latest information and marina developments with new plans and photos many of which were taken by the authors turkish waters and cyprus pilot is considered the essential companion to sailing these waters

greek waters pilot is the definitive cruising guide to the coasts and islands of greece covering the entire area from the ionian islands to the aegean rhodes and crete and includes details of over 450 harbours and anchorages in a single volume greek waters pilot has been painstakingly compiled from rod and lucinda heikell s own survey work and exploration over four decades as well as first hand information from their network of contributors the organisation of so much detail within the confines of a single volume is impressive this fifteenth edition has again been thoroughly updated to reflect developments and changes across the whole region enriched with fascinating historical mythological and gastronomic information greek waters pilot is an incomparable resource and companion for anyone planning to spend time in these endlessly enticing waters

this is the perfect guide for anyone cruising in the mediterranean by rod heikell the acknowledged expert on mediterranean sailing thoroughly updated this new edition conveys the magic of mediterranean cruising as well as giving practical first hand advice on sailing these enticing waters although the mediterranean provides wonderfully diverse cruising opportunities it can also deliver a few surprises to the unwary in this invaluable practical guide rod heikell provides sound advice on anchoring berthing bow or stern to what weather to expect facilities and the costs of keeping a boat there plus advice on navigation popular routes formalities and what to expect ashore each country around the mediterranean is covered and there s even a handy section on shoe string cruising for those on a tight budget offers time served advice to both the novice and the old hand nautical magazine

the second edition of this comprehensive pilot incorporates information collected by the authors during their cruises in the area some 70 anchorages were resurveyed and new ones explored and the details of these have been included in this edition improved coverage for divers is also one of the key improvements the text is illustrated by a section of color plates which capture the atmosphere of the sometimes harsh but always fascinating geography of the area covered by this pilot

how were the crusades made possible this volume is the first to bring together experts from the fields of medieval western byzantine and middle eastern studies specifically to address the logistics of crusading it deals with questions of manpower types and means of transportation by land and sea supplies financial resources roads and natural

land routes sea lanes and natural sailing routes of particular importance is the attention given to the horses and other animals on which transport of supplies and the movement of armies depended

first published in 1971 these guides provide invaluable information on thousands of commercial ports and terminals across the globe they are compiled and published annually by Ir oneocean whose years of global maritime experience allows them to provide expert and innovative solutions that enhance efficiency sustainability and overall industry success the guides cover a significant geographical breadth and the most recent volume includes information on over 12 500 ports harbours and terminals worldwide these are fully indexed and contain detailed port plans and mooring diagrams
